

Spring School on Biotechnology

27-30 May 2024 - 10th Edition

Domus Ecclesiae - Nocera Umbra

The School is made by lectures and open discussions tailored for a broad audience of PhD students and young researchers from university, research centers and industries who are entering the fascinating field of Biotechnology.

This year, the School addresses the topic:

Biomaterials and Biodevices in Biotechnologies

Pre-registration is mandatory at:

<https://wsbperugia.com/>

info@wsbperugia.com

Invited Speakers:

Prof. Matteo Cianchetti – Scuola Superiore Sant'Anna (IT)
Prof. Salvatore Maria Aglioti - Sapienza, University of Rome (IT)
Prof. Antonio Facchetti - Georgia Institute of Technology (USA)
